

# OILIND MONITORING SERVICES

**Preserving Life One Person at a Time**

## **Specialized Rental Equipment. Creative Solutions.**

For more than 40 years Oilind Safety has been in the forefront of providing creative safety solutions through specialized equipment and a full range of safety-related services. Our knowledgeable, professionally certified technicians guide you in the proper selection of monitoring instruments and training programs for your worksite needs. Oilind Safety's comprehensive rental product selection, coupled with our technical training and customized on-site services, helps you concentrate on your core business while we manage your safety monitoring.

## Quality Control and a Large Inventory...that's the Oilind Safety difference.

Strict adherence to quality control makes sure our monitoring rental equipment is maintained to the highest standards in the industry. Monitoring Services include:

### Rental Equipment

- Most comprehensive rental inventory of environmental, industrial hygiene and safety instrumentation equipment in the industry
- Minimize problems with expert planning, scheduling and storage recommendations
- Properly maintained and calibrated equipment to manufacturer's specifications

### Monitoring Equipment and On-site Certified Monitoring Services

- Single-gas and multi-gas monitors
- Photo-ionization detectors
- Gas sensing systems
- Sampling pumps
- Remote (wireless) gas detection systems and sampling pumps

### Industrial Health Monitoring

- Heat stress
- Dust
- Noise
- Water quality

## OUTLOOK® Services Available On-Site...all the time or during turn-arounds

Maintaining an efficient, on-site supply of safety equipment and supplies, as well as gases and welding equipment, makes a tremendous positive impact on worker productivity. Many businesses often focus on achieving the lowest individual product cost while losing sight of the lowest total cost of the job or project. That's why more and more businesses are turning to *OUTLOOK*® Services.

*OUTLOOK*® Services is a proven solution that significantly reduces waste, bottlenecks and inefficiencies in supply chain management. *OUTLOOK* delivers substantial savings. In fact, the savings for safety equipment and supplies, gases and welding equipment can be as much as 20 times more than those realized by simply searching for the lowest price alone.

## Safety...and much more.

With an expansive national footprint and an extensive product line, industrial construction specialist expertise, Red-D-Arc® welding rental equipment, complete industrial gas resources and safety training programs, Oilind Safety and Airgas provide the complete solution for all your on-site safety, MRO and gas supply needs.

**Engineering the Right Solutions for All Your Safety Needs**
