

# OILIND TRAINING SERVICES

**Preserving Life One Person at a Time**

**Advanced Technology. Field-Proven. OSHA Compliant.**

Oilind Safety provides effective hands-on certified training programs taught by highly qualified instructors with both classroom and practical experience. Each program is tailored to your individual requirements and the content is field-proven under emergency conditions. We constantly monitor our programs, continually upgrading each program to keep pace with today's advancing technology.

For more than 40 years Oilind Safety has been dedicated to providing our clients with quality safety solutions in the protection of life and property. Our extensive safety knowledge and product expertise provide peace of mind that allows you to concentrate on your core business while we manage your safety program.

## Training for the right solutions.

All Oilind Safety training programs are designed to help you comply with OSHA standards. Small class size allows for personal and comprehensive instruction. Our certified instructors train your personnel to any competence level needed. We'll even provide instructor-level training so your personnel can train others in the safety procedures you require most.

### Oilind offers complete training solutions for:

- Confined space/rescue
- Lockout/tagout
- Hearing conservation
- Fire extinguisher
- Lead abatement
- Benzene awareness
- High angle rescue
- Hazard communications
- On-scene incident commander
- Forklift operator
- Crane operator
- H<sub>2</sub>S safety awareness
- Respiratory protection
- Blood Borne Pathogens, First Aid and CPR
- Fall protection
- Equipment

## On-site training reduces employee time away. Saves costs.

Oilind Safety comes right to your jobsite. We provide on-site testing and easy access for employees while bundling groups of health testing with one visit. Available for:

- Pulmonary function testing
- Drug screening
- Respirator fit-testing
- Audiometric testing

## Safety...and much more.

With an expansive national footprint and an extensive product line, industrial construction specialist expertise, Red-D-Arc® welding rental equipment, complete industrial gas resources and safety training programs, Oilind Safety and Airgas provide the right solutions for all your on-site safety, MRO and gas supply needs.

### Engineering the Right Solutions for All Your Safety Needs
